

Last Tuesday night, 40 men gathered to celebrate what God is doing in the Lowcountry through the Christian Business Men's Connection (CBMC). CBMC is a global men's ministry, founded during the Great Depression, that equips business and professional men to lead well, impact their communities and engage The Great Commission. Men are experiencing authentic relationships resulting in Christ-led businesses and Christ-centered families.

On a perfect South Carolina evening, live music by our own Brent Jones filled the air as men dined on bacon burgers served from the Lowcountry Community Church Party Wagon. We heard from several men about how CBMC has equipped them to become better leaders. The highlight of the evening was the Ambassador for Christ Award presented to Chip Upjohn for his unwavering commitment to the mission in the face of personal challenge.

Men were encouraged to join or start a new Team in the Lowcountry Region.
